

Interference Resolution Report

The Enterprise Wireless Alliance has executed a Memorandum of Understanding with the Federal Communications Commission whereby EWA may assist in identifying and resolving radio frequency interference that occurs to wireless communication systems that use Industrial/Business frequency assignments in accordance with FCC Rule Section 90.35. To engage EWA's assistance, please complete this form to the extent possible and send to EWA Customer Service by email to Customer.Service@enterprisewireless.org.

|--------------------------|---|------------------------|
| <input type="checkbox"/> | <p>Service name</p> <p><u>Co-channel and Adjacent Licensee Report:</u>
This report will help you to identify licensees that may be the source of interference. EWA will provide a list of all co-channel and adjacent licensees within 161 kilometers (100 miles) of the coordinates of your transmitting location. The report will include the frequency, licensee name, call sign, coordinates and distance in kilometers from your site. To obtain additional information about a licensee on the report, research the licensee using the FCC's Universal Licensing System (ULS).</p> | <p>\$100</p> |
| <input type="checkbox"/> | <p><u>Mediation Fee:</u>
Note: This fee does not include engineering or coordination fees that may result as part of efforts to resolve interference.</p> <p>Have EWA work on your behalf to resolve or mediate your case of interference.</p> <p>If you know the source of the interference but cannot reach resolution, EWA can act as a mediator, working with both parties to determine an appropriate course of action to settle the matter.</p> <p>If you are unsure of the source of the interference, EWA will review this form and contact you to discuss the interference. EWA will then research licensees within your operating area to determine a possible source. When the source has been identified, EWA will contact you to discuss options for resolution and will assist in ending the interference.</p> <p>If the parties cannot come to agreement through EWA mediation or if EWA determines that the interference is from an unknown source, EWA will forward this report to the FCC Enforcement Bureau for further action.</p> | <p>\$495</p> |

Interference Recipient Information

Primary Point of Contact _____

Name of Licensee _____

Address _____ City _____ State _____ ZIP Code _____

Phone _____ Email _____ Fax _____

Call Sign and Location Affected

Call Sign _____ Frequency(s) Affected _____

Location Address _____

Transmitter City/State _____

Interference Description

Date Interference Started _____ What time of day does it occur? _____

Please provide a description of the interference and what has been done to identify the interference:

Interferer Information (If known)

Name of Licensee _____

Address _____ City _____ State _____ ZIP Code _____

Call Sign _____ Frequency(s) Affected _____

Transmitter Location: _____

Have you Communicated with this party? _____ Results _____

Payment Method

Charge to VISA MasterCard American Express

Credit Card Number _____

Expiration Date _____

Cardholder Name _____

Street Address _____ ZIP Code _____

Card Holder/Authorized Signature _____ Date _____
